# WELCOME TO MY CREATIVE SPACE

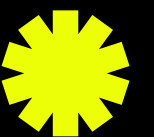

Luha Saniyya

# About Me

Creative thinker and visual storyteller who loves turning wild ideas into cool designs and experiences! From Digital Art to Visual Design, I'm all about making things that catch eyes and spark joy. Always ready for a new challenge, a fresh cup of coffee, and pushing the boundaries of what's possible. Let's make something awesome together!

# Personal Skill

I'm a bit of a creative chameleon—I design everything from UI interfaces to snazzy digital art and even cool graphics. But here's the kicker: I also have a secret love for code! So, when I'm not making things look good, I'm probably figuring out how to make them work too. It's like having a designer brain and a developer heart, all in one!

Product Design

Front-End Dev

Digital Art

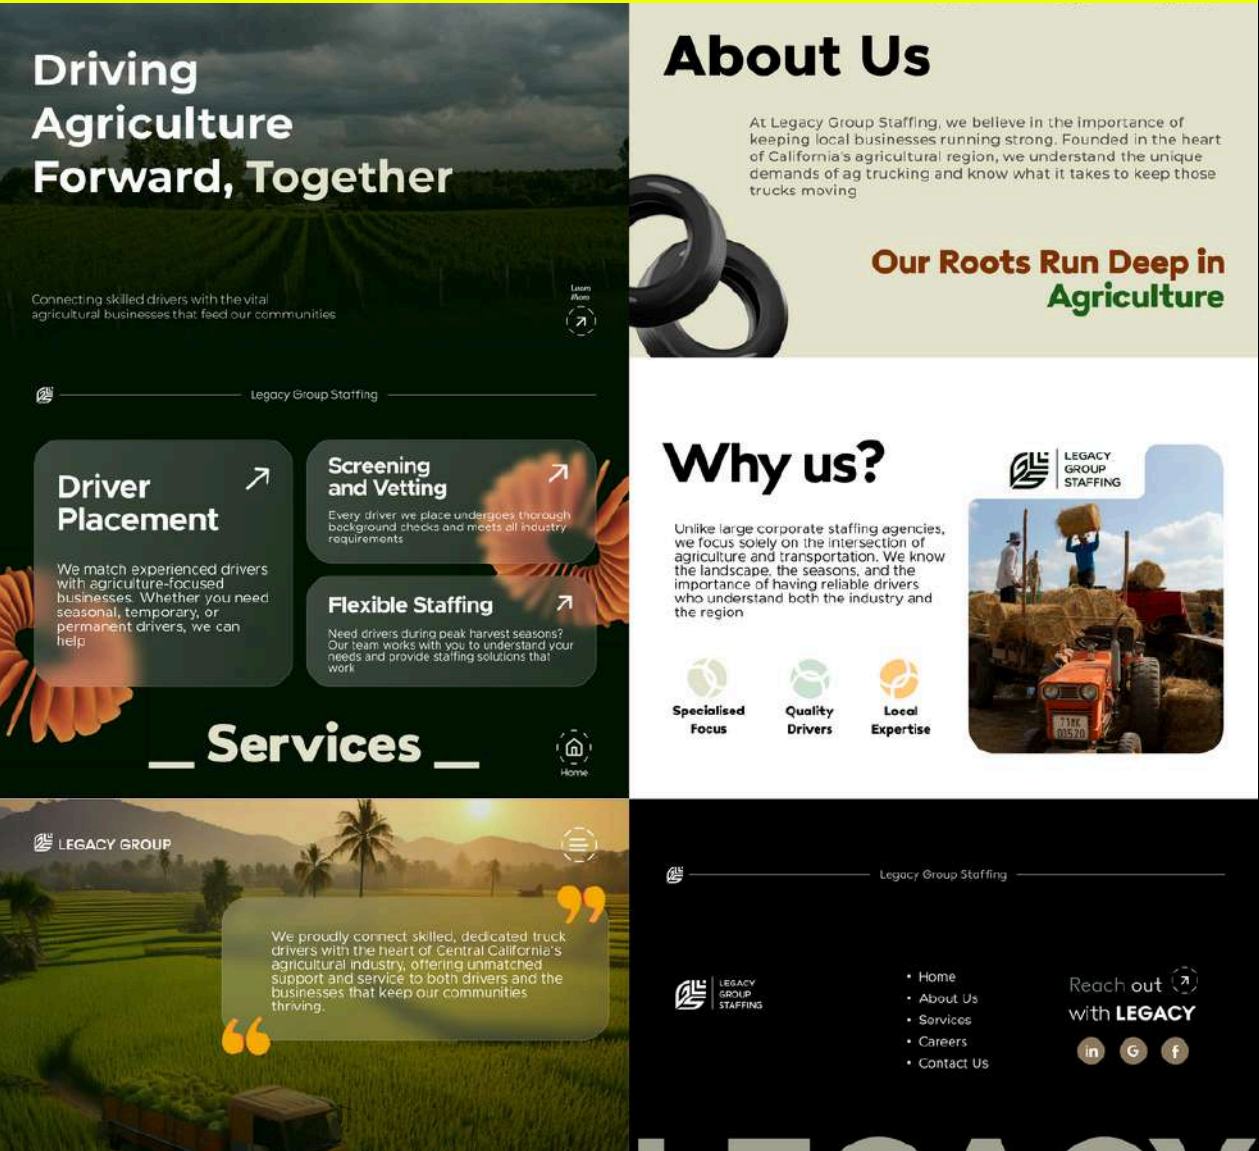

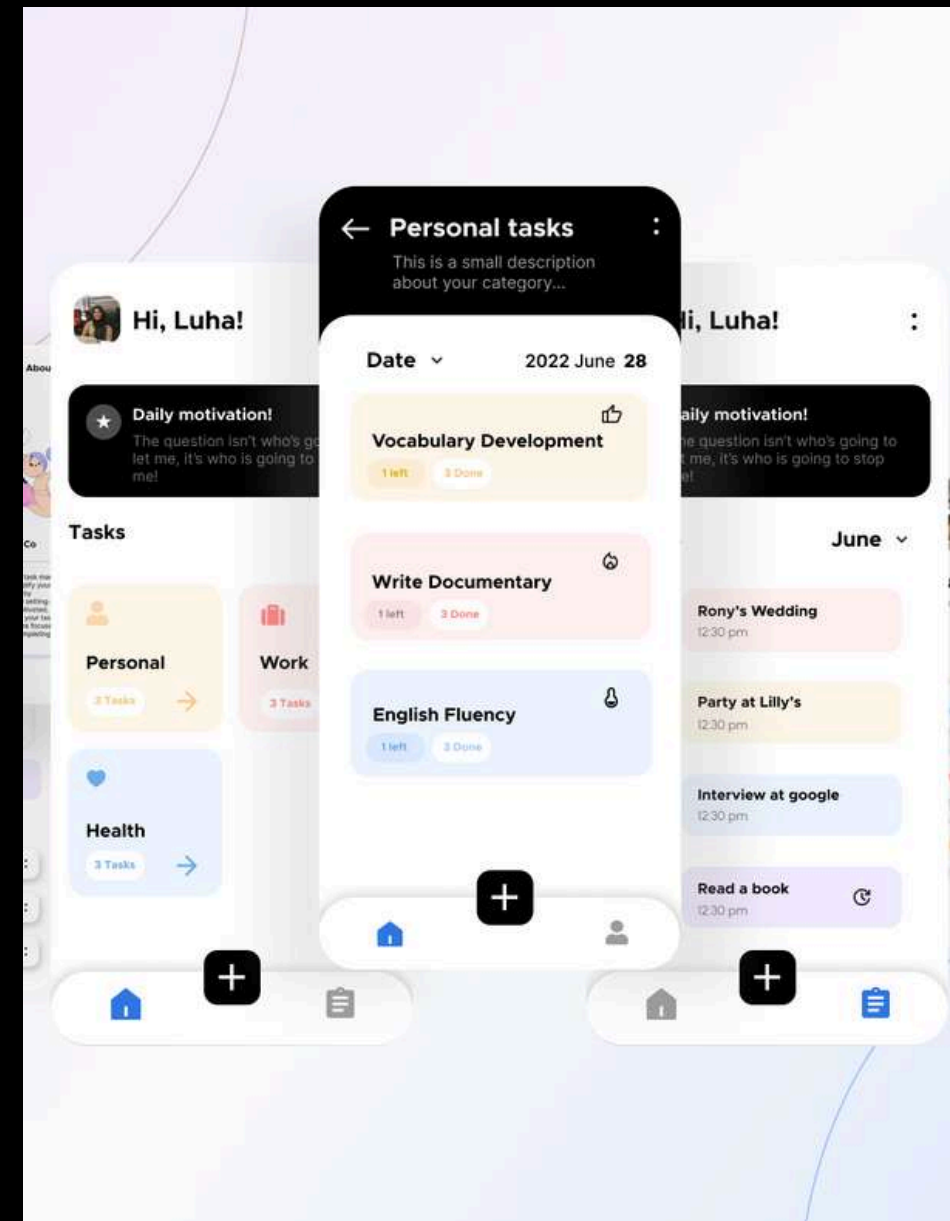

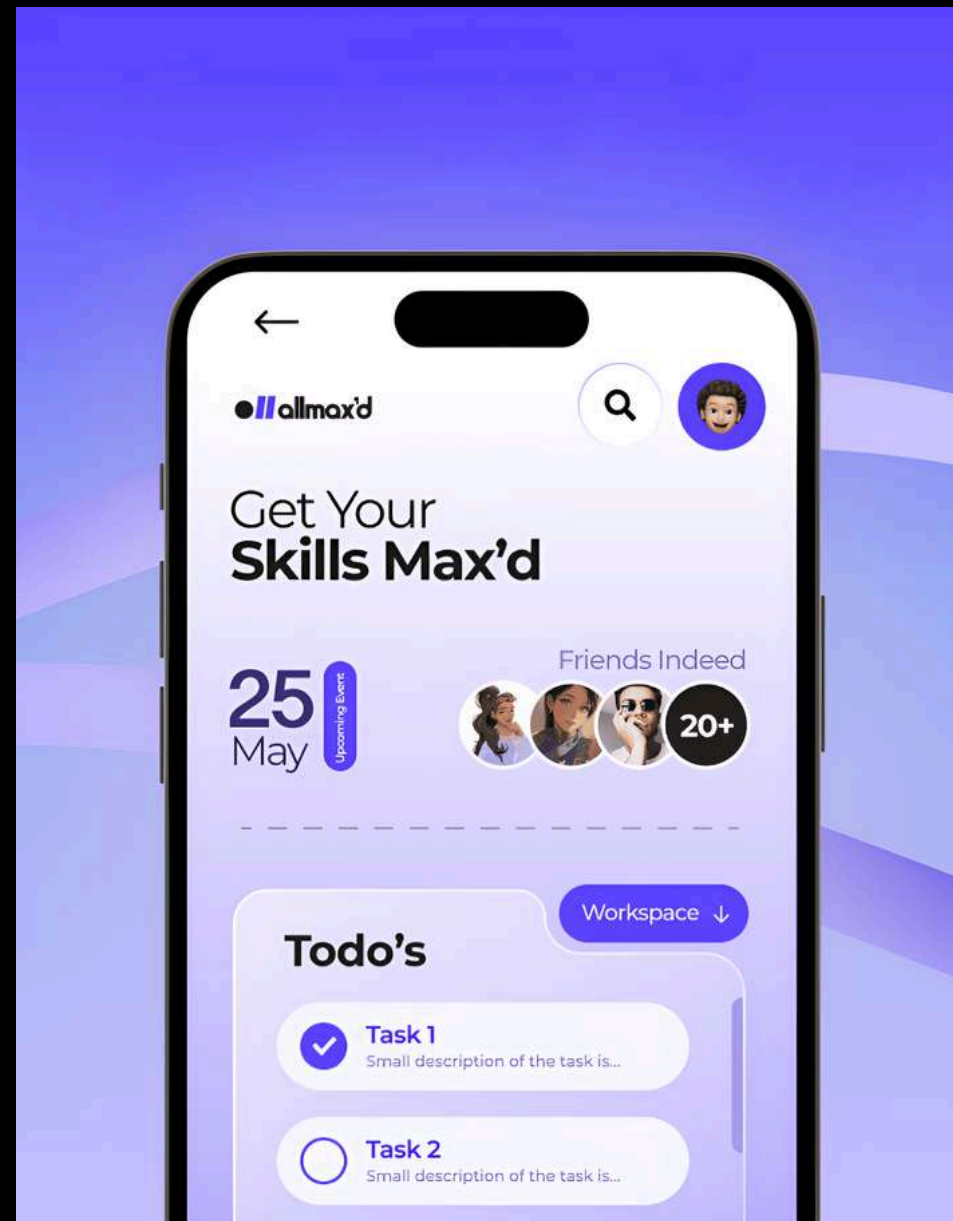

# Product Design

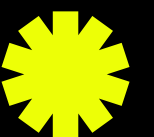

## Crafting Visual Experiences

Creating clean, thoughtful, aesthetic designs that focus on user needs. I design interfaces that feel natural, cool, and easy to navigate, ensuring a smooth and enjoyable user experience. I'm proficient in creating and efficiently using design systems

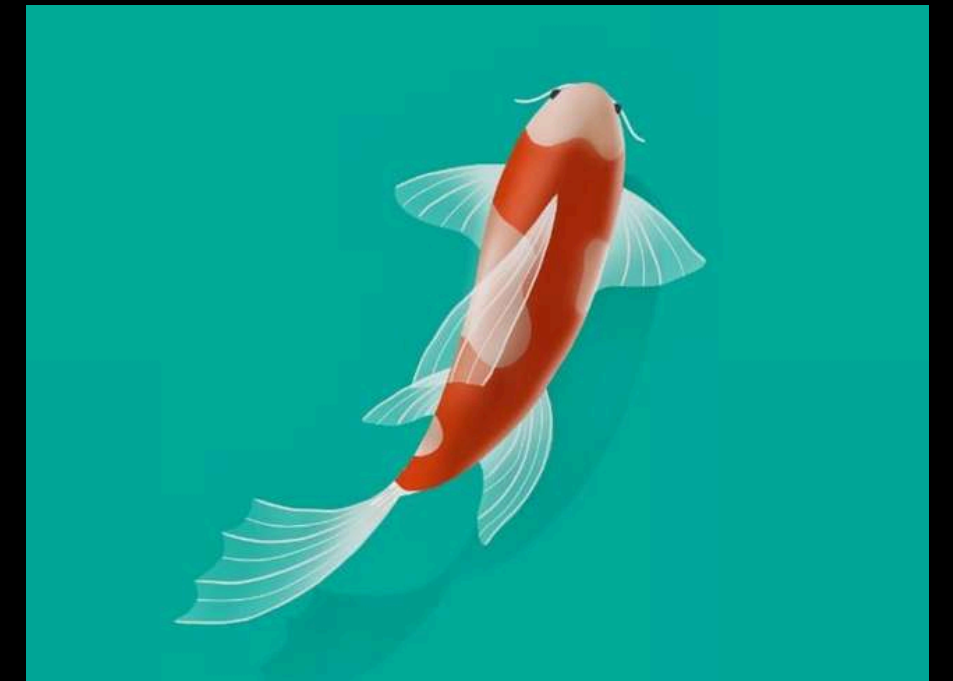

Samples of my works: [Levalor Cafe](#), [Inceptra](#), [Connect Birthday Reminder](#), [Supriya LMS](#), [Bus Pass App](#), [Protocols App](#), [Roster Co](#), [BLink](#), [Day2Day Loyalty](#), [AdNabu Design Process](#), [Vibe.fyi](#)

# Illustration

## Capturing Imagination with Art

Exploring the world of digital art with curiosity and creativity. I'm still learning and experimenting, finding new techniques and styles in the digital canvas. Every piece is a step forward in the journey.

Ananya

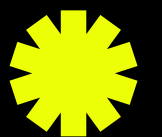

*Luha's technical skills, creative thinking, and dedication were evident throughout the entire process. I wholeheartedly recommend Luha Saniyya for her remarkable skills, adaptability, enthusiasm, and valuable contributions, both personally and professionally*

Portfolio

Sourav Sivan

*Collaborating on a project, I observed her deep understanding of programming languages and designing capabilities. Their technical expertise and teamwork-oriented attitude will surely play a significant role in the outcome.*
